2007 key events

BROADCASTING FRANCE

TF1 Channel²

Since the beginning of the year 2007, TF1 has reaped the fruits of its **innovation strategy** and has recorded viewer successes in access prime time with the *Wheel of Fortune* and *Un contre Cent* (37.7% and 42.0% audience share of Women under 50, respectively); and in late evening with the launch of the US series *Doctor House* with record audience shares of Women under 50 at an average of 54.6%.

On May 2, the show *La Caravane des enfoirés* was a historical success with 11.7 million viewers, beating the record of the *Enfoirés* since the creation of this event in 1992.

Theme channels

As part of the end-January global launch of **Windows Vista**, Microsoft chose LCI and Eurosport to develop new TV/video applications. The two channels applied their considerable know-how to design two innovative platforms for consumers of multimedia services. The new **LCI Intégrale** application offers three "live" subscription channels: LCI, LCI Express and LCI Bonus. Eurosport has developed the **Eurosport Player** application, a multi-channel sports service offering the Eurosport, Eurosport 2 and Eurosportnews channels.

In-house production companies

Four of the co-productions from **TF1 Films Production** passed the million cinema-goers mark: *La Môme* (5.2 million spectators), *Taxi 4* (4.5 million spectators), *Le Prix à payer* and *Ensemble c'est tout*.

Other companies

According to an agreement signed in June 2006, **Téléshopping** and the Dogan group launched their **home shopping** programme **in Turkey** in January. It is broadcast on the Star TV and Kanal D channels.

INTERNATIONAL BROADCASTING

On February 21, **Eurosport** and **Yahoo!** announced their co-operation to create the biggest online European sports news website. The service will be rolled out first in Germany, Italy, Spain and the United Kingdom.

AUDIOVISUAL RIGHTS

TFM Distribution, TF1 International's cinema distribution entity, has recorded a success with the release of *La Môme*, attracting 5.2 million spectators since the beginning of 2007.

OTHERS

On January 4, TF1, M6 and Vivendi signed the final agreement aimed at bringing together the pay-TV businesses of Group Canal+ and TPS in France, in Canal+ France, new group controlled by Vivendi.

Subsequent to the decision of the CSA (the French audiovisual regulatory watchdog) published on March 27, TF1 and AB Group completed TF1's acquisition of a 33.5% minority stake in AB Group, on April 2.

Review of operations - Q1 2007

Boulogne, May 22, 2007

In first quarter 2007, TF1 Group consolidated revenue increased by 7.3% to ϵ 702.3 million. The TF1 channel's net advertising revenue rose to ϵ 457.0 million (+6.1%). Revenue from other businesses grew by 9.8% to ϵ 245.3 million. On a comparable basis (excluding *1001listes*), revenue from other businesses was up 7.1% and consolidated revenue increased 6.4%.

For the TF1 core channel, the highlight of the first three months was the opening of TV advertising to the retail sector. In Q1 2007, retail investments represented 6.5% of TF1 gross advertising revenue³. The *FMCGs* sector⁴ (+12.3%) delivered the growth over Q1, and offset considerably the fall in advertising investments from the *Telecommunications* (-33.7%)³ and *Publishing* (-40.7%)³ sectors. In Q1 2006, the *Telecommunications* sector has recorded a gross increase of 70.1%³, thanks to the deregulation of the directories and the arrival of "118" (directories enquiries) in TV advertising. At the end of March 2007, the TF1 market share reached 54.2%³.

Other activities were up 9.8% thanks to several subsidiaries which contributed to this growth:

- Téléshopping Group (+ 28.9%), thanks to the contribution to revenue of new activities launched in 2005 (shops and Infomercials) and 1001listes;
- Theme channels in France (+ 29.8%) benefited from the new distribution contract with Canal+ France and 28% growth in their advertising revenue;
- The "catalogue" business doubled its revenue in Q1 thanks to the cinema distribution by TFM of *La Môme*, which has recorded 5.2 million viewers since its release in February.

Nevertheless, some activities were down:

- TF1 Vidéo, down 19.2%, suffering from a still falling DVD market and from less successful releases in comparison with a very high level of sales on the non-movie library in Q1 2006;
- E-TF1 (-31.9%), which benefited in Q1 2006 from the success of the show *A Prendre ou à Laisser* (*Take it or leave it*) on TF1.

TF1 Group current operating profit for first quarter 2007 was up 18.5% to €125.0 million, that is, an operating margin of 17.8% (+ 1.7 point). TF1 core channel programming costs were down 2.5% to €227.3 million, thanks to the decrease of the number of fiction dramas broadcast. For full year 2007, the Group maintains its guidance of a 3% increase in programming costs (excluding exceptional sport events in 2006 and 2007: Football World Cup and Rugby World Cup).

Other financial income and expenses came to €9.5 million at March 31, 2007 vs. €(1.7) million a year earlier. This amount comes mainly from the re-assessment of the fair value of the put option on TF1's 9.9% holding in Canal+ France.

Net profit from continuing activities increased by 36.8% to €88.5 million. In Q1 2006, net profit of discontinued activities stood at €9.8 million. Thus, net profit attributable to the Group was up 18.8% to €88.5 million, that is, a net margin of 12.6% (+1.2 point).

At March 31, 2007, the Group shareholders' equity totalled €1,448.3 million on a balance sheet total of €3,614.6 million. Total Group net debt stood at €336.6 million, that is, 23.2% of shareholders' equity.

The Board noted the resignation of Philippe MONTAGNER as Director, and co-opted Nonce PAOLINI to the Board as proposed by TF1's Director Selection Committee.

In accordance with Patrick LE LAY's proposal on February 20, 2007, to separate the functions of the Chairman of the Board and the CEO of TF1, the Board appointed Nonce PAOLINI as CEO of TF1. Patrick LE LAY remains Chairman of the Board.

Outlook

In spite of difficult trends in April and May, the TF1 channel's advertising revenue is expected to grow by around 6% in 2007.

⁴ Sectors: Food, Cosmetics, House Cleaning, Beverage.

I. Broadcasting France

The Broadcasting France division generated revenue of €581.6 million for first quarter 2007, up 7.1%, and current operating profit of €118.6 million (+21.8%), that is, an operating margin of 20.4%.

TF1 Channel (Source: Médiamétrie)

For the first three months of 2007, the TF1 channel's audience share amounted to 33.8% for Individuals aged 15-49 years (+1.0 point) and 36.0% for Women under 50 (+ 1.6 point compared to Q1 2006).

TF1 strengthened its leadership position by achieving the 47 best audiences in the first three months of the year. 59 TF1 programmes exceeded 8 million viewers. The entertainment programme *La Caravane des Enfoirés* came first in the rankings, with 11.7 million viewers.

Advertising (Source: TNS Media Intelligence)

For first quarter 2007, net advertising revenue for the TF1 channel increased 6.1%. The quarter was marked by the opening of TV advertising to the retail sector, which represented 6.5% of TF1 gross advertising revenue in Q1 2007, that is, €47.2 million. 34 retail advertisers have invested on TF1, that is, a coverage rate of 97%⁵ and a 60%⁵ market share.

The increase of TF1 core channel advertising revenue concealed contrasted trends.

In Q1 2007, the growing sectors included:

- *Food*, the top advertising sector on TF1 (26.0% of gross advertising revenue), increased 14.6%, with a market share of 59.5% (+2.4 points);
- Cosmetics/Beauty Products, up 8.5%;
- House Cleaning (+17.3%), with a market share of 61.9% (+0.9 point);
- Services (+7.9%), which represent now 8.3% of TF1 gross advertising revenue, fuelled by the sub-sectors Banking and Insurance.

However, some sectors struggled:

- Publishing (-40.7%), which suffered from an unfavourable basis of comparison and a music business in difficulty;
- *Telecommunications* (-33.7%), which benefited from the deregulation of directories and the arrival of "118" (directories enquiries) in TV advertising.

Automotive remained stable in Q1 2007.

Thematic channels France

In first quarter 2007, revenue for the TF1 Group's combined thematic channels France increased 29.8% compared to first quarter 2006 to reach €46.2 million. TF1 Group's theme channels benefited from the new distribution contract with Canal+ France and expanded their broadcast footprint.

Advertising revenue of these channels was up 28% for the first three months 2007, thanks to good audience results. The reduction of losses at Eurosport France and LCI enabled the thematic channels to approach breakeven in Q1 2007 with a \in 0.6 million operating loss (vs. a \in 7.1 million operating loss in Q1 2006).

⁵ Excluding Mistergooddeal (M6 Group's subsidiary which invests only on M6)

^{*} Including free-to-air in south-east France (some 2.2 million households) and DTT. TMC has been available on TPS since September 2005.

Other companies

In first quarter 2007, the **Téléshopping Group** increased its contribution to consolidated revenue by 28.9% to reach \in 41.9 million, mainly thanks to the revenue growth from the Internet (+15%), to the development of activities launched in 2005 (stores and infomercials) and to the *1001listes* contribution, which nearly reached \in 6 million revenue in the period. The Téléshopping Group's operating profit decreased \in 0.8 million to \in 2.4 million, mainly due to the slightly negative contribution of *1001listes*.

The TF1 Entreprises first quarter 2007 contribution to consolidated revenue came to ϵ 7.6 million, a decrease of 3.8%, due to the difficult music and publishing businesses. Therefore, operating loss for TF1 Entreprises amounted to ϵ 0.3 million for the period.

E-TF1, at €13.9 million, decreased its contribution to revenue by 31.9% in the first quarter. In Q1 2006, e-TF1 benefited from the success of the show *A Prendre ou à Laisser* broadcast on TF1. Operating loss was €0.7 million (vs. an operating profit of €2.3 million in Q1 2006).

II. Audiovisual Rights

In first quarter 2007, the Audiovisual Rights division generated revenue of €60.7 million, up 20.0%. Operating profit decreased to €4.9 million, due to the weaker performance of TF1 Vidéo.

The contribution of **TF1 Vidéo** (incl. RCV and CIC) to Group consolidated revenue declined 19.2% to €27.7 million. TF1 Vidéo still suffered from the fall in the average price of DVDs. Moreover, during the first quarter 2007, TF1 Vidéo did not release blockbusters and recorded a 28% decrease of the number of copies sold. However, 2007 will see the DVD release of films such as *La Môme*, *The Departed* or *Hors de Prix*. TF1 Vidéo operating profit stood at €1.4 million, declining by €3.0 million.

The **Catalogue** business doubled its revenue to €33.0 million in Q1 thanks to the cinema distribution by TFM of *La Môme*, which recorded 5.2 million viewers. Its operating profit was stable at €3.5 million.

III. International Broadcasting

Eurosport International

As of March 31, 2007, **Eurosport** was received by more than 111 million households, in 59 European countries, of which 64.3 million were paying subscribers (+5.7 million compared to March 31, 2006, i.e., an increase of 9.7%), mainly thanks to growth in Central and Eastern Europe.

Leveraging its know-how, Eurosport has been broadcasting its Eurosport channel in Asia since the end of 2006. The investments made to conquer this new geographic territory should start to bear fruit in 2007.

Eurosport.com and its seven local versions confirmed their solid performance with a substantial increase in visits (+44% compared to end March 2006), that is, an average of over 26 million visits per month.

After the WTCC, Eurosport's events management business has continued to expand with the promotion of the IRC (International Rally Challenge), the European and World Carting Championship and the Global Champions Tour (show jumping).

The first quarter 2007 contribution to consolidated revenue decreased slightly by 1.5% to €60.0 million. The first quarter 2006 benefited from the Turin Olympics and a strong increase in Eurosport advertising revenue. In Q1 2007, the increase in the number of paying subscribers combined with a variety of developments offset the decrease in advertising revenue over the period. Eurosport International's operating profit amounted to €1.5 million (vs. €0.1 million in Q1 2006).

IV. Human resource update

The TF1 Group's workforce increased in first quarter 2007, both at TF1 SA and its subsidiaries. As at March 31, 2007, it stood at 3,576 people, compared to 3,498 as at December 31, 2006.

V. The TF1 share

On March 31, 2007, the TF1 share price closed at €25.06, that is, a decrease of 10.9% over December 31, 2006. This compares with a 1.7% rise of the CAC 40 index and a rise of 9.4% of the CAC Next 20 index. The TF1 Group's market capitalisation on March 31, 2007 was €5.36 billion.

NOTES TO THE FIRST 3 MONTHS 2007 CONSOLIDATED FINANCIAL STATEMENTS

1. FIRST 3 MONTHS 2007 KEY EVENTS

Acquisition of a 33.5% interest in the AB Group

Subsequent to the decision of the CSA (the French audiovisual regulatory watchdog) published on March 27, 2007, TF1 and the Berda Family completed the acquisition by TF1 of a 33.5% minority stake in the AB Group on April 2, 2007 for an amount of € 230 M.

The AB Group owns a catalogue of French-language television rights representing over 1,300 titles and produces free-to-air TV channels and pay-TV channels available via satellite, cable, DTT or ADSL.

Taking into account the closing date of this operation, this acquisition has no impact on the 2007 1st quarter consolidated financial statements.

2. ACCOUNTING POLICIES

Declaration of compliance and basis of preparation

The condensed interim consolidated financial statements at March 31, 2007 complete the 2006 full year consolidated and audited financial statements as released in the 2006 Annual Report filed by the "Autorité des Marchés Financiers" on March 23, 2007 under the number D 07-0216.

The consolidated financial statements of the TF1 Group include the financial statements of TF1 SA and its subsidiaries, and the TF1 Group's interests in associated undertakings. They are presented in millions of euros.

They were adopted by the Board of Directors on May 22, 2007.

Standards and interpretations applicable as of January 1st, 2007

The consolidated financial statements of the TF1 group for 2007 1st quarter have been prepared in accordance with IAS/IFRS standards, as adopted by the European Union and applicable to accounting periods commencing on or after January 1, 2007. In particular, the 2007 Q1 Interim accounts have been released and prepared in accordance with IAS 34 standard "Interim financial reporting Information."

The new or amended standards and interpretations listed below, which are madatory in 2007, have no material impact for the TF1 Group at March 31, 2007.

• IFRS 7 (Financial Instruments: Disclosures)

Applicable to annual periods beginning on or after January 1, 2007

- IFRIC 7 (Applying the Restatement Approach under IAS 29 Financial Reporting in Hyperinflationary Economies) Applicable to annual periods beginning on or after March 1, 2006
- IFRIC 8 (Scope of IFRS 2 Share-Based Payment)

Applicable to annual periods beginning on or after May 1, 2006

• IFRIC 9 (Reassessment of Embedded Derivatives)

Applicable to annual periods beginning on or after June 1, 2006

The following standards and interpretations had been issued by the IASB at March 31, 2007 but had not yet become effective:

• IFRIC 10 (Interim Financial Reporting and Impairment)

Applicable to annual periods beginning on or after November 1, 2006

• IFRIC 11 (Group and Treasury Share Transactions)

Applicable to annual periods beginning on or after March 1, 2007

IFRIC 12 (Service Concession Arrangements)

Applicable to annual periods beginning on or after January 1, 2008

• IFRS 8 (Operating Segments)

Applicable to annual periods beginning on or after January 1, 2009

Amendment to IAS 23 (Borrowing costs)

Applicable to annual periods beginning on or after January 1, 2009

TF1 has begun to assess these new pronouncements, and at this stage does not believe that applying them would have a material impact on the financial statements.

3. MAIN CHANGES IN THE SCOPE OF CONSOLIDATION

The changes in the scope of consolidation of the first three months 2007, as described below, do not have a material effect on the comparability of the consolidated financial statements.

Acquisition of the minority interests of TV Breizh

The holding in TV Breizh has been raised from 98.28% to 100% following a capital increase of €4.7 million and the acquisition of minority interests for €0.6 million.

First consolidation of Eurosport's foreign subsidiaries

As of March 31, 2007, the foreign companies Eurosport Media (Switzerland), Eurosport Spain, APT Eurosportnews (Hong Kong) and Eurosport Polska, founded in 1999, 2000 and 2002, respectively and operating primarily with the other Eurosport group companies, have been consolidated in the TF1 Group's scope by the global integration method. Together, these companies contributed €0.1 million to TF1 Group's turnover in the first quarter and €0.2 million to operating income.

4. Q1 2006 AND 2006 FULL YEAR DISCONTINUED OPERATION

Transfer of TPS to Canal+ France

In accordance with note 1-1 of the 2006 Annual Report, TF1 and M6 ceased to exercise joint control over TPS SNC and its subsidiaries, and over TPS Gestion, with effect from September 2006. Consequently, TPS is considered as a discontinued operation as of September 1, 2006, in accordance with IFRS 5. Thus, in the 2006 annual consolidated income statement, the impact of the discontinued operation is reported on a separate line. In the income statement for the year ended December 31, 2006, this line records in particular, the income and expenses of TPS for the first eight months of the year, and the capital gain realised on the sale of TPS.

The impact of the discontinued operation reported under the line "Post-tax profit of discontinued operations" on the consolidated income statement for the full year 2006 is composed of:

- The after-tax capital gains calculated by the difference between the net value of the TPS assets transferred to Canal+ France and the fair value of financial assets received in exchange, after deduction of incidental expenses and costs tied to the operation, that is, €211.8 million ;
- And income and expenses from discontinued operation until August 31, 2006 (€ 41.8m).

The post-tax profit of discontinued operations was as follows:

5. 2007 AND 2006 FIRST QUARTER SEGMENT REPORTING

TF1 organises its operating activities into strategic business units, each of which is managed according to the nature of the products and services sold and the specific economic environment. The primary level of segment reporting adopted by TF1 is the business segment, because risks and returns on investment are affected by the nature of the products or services sold.

The business segments used in primary-level segment reporting are:

Broadcasting France

This segment includes the TF1 channel, associated and spin-off activities regarded as inseparable from this channel, and other free-to-air or pay-TV channels broadcasting primarily to France. Activities inseparable from TF1 include the in-house advertising airtime sales agency, and companies involved in the production or co-production of programmes intended exclusively for the TF1 channel, such as Ushuaïa, Alma Productions and Glem.

Broadcasting International

This segment comprises subsidiaries involved in the development and broadcasting of pay-TV programmes primarily broadcast outside France, in particular Eurosport and France 24.

Audiovisual Rights

Subsidiaries whose principal activity is the production, publishing or distribution of audiovisual rights not exclusively intended for TF1 Group channels are included in this segment. Production activities include delegated productions or co-productions of films. Publishing and distribution activities include all media (CD, DVD, etc) and all channels (cinemas, TV channels and all retail distribution channels).

Other Activities

This segment comprises all activities not included in any of the segments described above.

For 2006 fiscal year, the segment reporting included a fifth business segment, the "Distribution" segment. This segment mainly comprised subscription-based distribution of the TPS pay-TV offering, broadcast largely by satellite. This business segment was accounted as a discontinued operation in 2006. This transfer is described in note 4 "Q1 2006 and 2006 full year discontinued operation."

The contribution of each business segment to the consolidated financial statements was as follows:
